Peter H. Rickard
Principal
John A. Beccia, Jr.
Business Manager

To the Class of 1991,

Pride has been defined as "satisfaction in one's achievement" and suggests synonyms such as dignity and self-respect. Although you have had in the past and will have in the future many opportunities to be proud, there are few occasions when that special feeling is stronger than it is on your day of high school graduation. Some will enjoy other graduations as time goes by, but the satisfaction of accomplishment that you feel now may never be greater because this is that special time when you leave the security of youth and assume the responsibilities of adulthood.

Your diploma is physical evidence of your success and contributes to your sense of self-satisfaction, but pride and the excitement that is part of being proud at this time is not an occurrence to be taken for granted. Your sense of pride to a greater or lesser extent is in direct relationship to your own concept of self worth.

The essence of pride is self-respect. To the extent that you have self respect you are likely to respect those with whom you relate and you can be assured that they will respect you in return. Armed with the education you have obtained at Tri-County, you will enter adulthood full of confidence, hope and pride.

My congratulations and best wishes go with you as well as my sincere appreciation to each of you for having been with us here at Tri-County.

Sincerely,

John M. Jones

To the Class of 1991,

Your graduation from high school marks an important milestone in your lives. Hopefully each and every member of your class leaves with the skills and ability to contribute to our society in a positive constructive manner.

Your teachers have assisted in giving you an opportunity to learn salable skills. You can now approach a potential employer, knowing that you can be a valuable asset to this company.

Additionally you should have learned to learn. Some of you will be going on to formal schooling immediately after graduation. Others will study at schools on a part-time basis, while others may never enter another classroom as a student. No matter which of these paths you may choose, please continue to learn. Opportunities abound for you to learn new skills and new information. Take the time to learn about other people, their needs, and their motivations.

If you continue to read, to listen, and to understand others, then you will continue to grow and you will be contributing to our society.

Your graduation from Tri-County and the years which follow should be a time of joy and happiness. Congratulations to you, good luck in the future, and keep in touch with us.

Yours truly,

Peter H. Rickard
Principal

TIME YOU SEE

A Song In Process, by Bob Helmick

Race, Religion, issues at hand
Take a look, Where do you stand?
Because it's not color of skin
It's their feelings that lie within
End Separation, Racial Segregation
Strive for a color-blind nation
Look around, you and me
Because I think it's time you see.

Take a look at the past
Thought it was over, gone at last
But I know it still exists
Enough hate to slice my wrist
Same philosphy, Them against Us

A racist belief, Ignorance
Just look around, you and me
Because I think it's time you see.

Different Ideas, Different beliefs
This hate you must release

Different cultures, Same land
Walk together Hand and Hand

Open eyes, Open [illegible]
Live in Peace, Co[illegible]nd

Look around, you an[illegible]
Don't you think it's time you [illegible]e?

DESERATOR

COMMITTED

The Class of 1991 dedicates this yearbook to a young man who has affected us deeply in the years we knew him. A man who brought the class together, and showed us just how capable we are of caring. Thank you, Bob Helmick, you will be fondly remembered.

Farewell Bob . . . .
